

# Cub Scouts Spread Holiday Joy at The Palace Gardens

Cub Scout Pack 69 reached out to “Spread the Cheer” of the holidays to residents at The Palace Gardens. The darling children brought homemade cards and sang Christmas carols to the delight of residents and The Palace Gardens served delicious hot chocolate and cookies for everyone to enjoy. Experiencing the holidays through a child’s eye is so meaningful and heartwarming. The Palace strives to bridge the gap of the generations at all Palace communities by welcoming neighborhood schools and organizations throughout the year. One of The Palace Gardens’ residents, Maggie Diffee, had one of her great-grandsons in the Pack and he was excited to sing to grandma and her friends.
