

GALLUP names The Palace Group one of the World's Best Workplaces... *for the 6th year in a row!!!*

For the sixth year in a row, Gallup has selected us as one of a handful of companies from around the world who have passed their strict standards for the “world’s most exceptional workplaces.”

That puts The Palace along with 56 other global giants like Nationwide Insurance, Regions Bank, Kempinski Hotels and Verizon.

As Palace Group president Helen Shaham noted: “This award comes from Gallup’s assessment of how our 1,500 team members feel about working together. And they told Gallup what we all already know — The Palace Group is a family and we love what we do.”
